CERTIFICATION

Pursuant to Section 86, Indian Act RSC 1985 C.I-5 and amendments thereto, I certify that the attached copy of the **Tsleil-Waututh First Nation Waterworks By-law 2001**, which came into effect February 20, 2002, is a true copy of the said by-law.

Kathy Hankin

A/Associate Director, Lands and Trust Services,
a superintendent as defined in
Section 2(1) Indian Act RSC 1985

TSLEIL WAUTUTH NATION

(Burrard Indian Band)

WATERWORKS BY-LAW 2001

A By-law to provide for the operation and maintenance of the waterworks system on the Reserve and for the fixing of rates, terms and conditions under which water may be supplied and used.

WHEREAS the Council of the Tsleil Waututh Nation, also known as the Burrard Indian Band (the "Band") wishes to establish a By-law governing the operation and maintenance of the waterworks system on the Reserve; and

WHEREAS the Council of the Band is empowered to make a By-law for the construction and regulation of the use of water supplies and the imposition of a penalty for the violation thereof pursuant to paragraphs 81(1) (a), (f), (l), (p.1), (q) and (r) of the *Indian Act*.

NOW THEREFORE BE IT RESOLVED the Council of the Band at a duly convened meeting, enacts as a By-law the following:

Title

1. This By-law may be cited as the "TSLEIL WAUTUTH NATION WATERWORKS BY-LAW 2001".

Definitions

2. In this By-law:

"Band" means the Tsleil Waututh Nation (Burrard Indian Band), a band of Indians as defined under the *Indian Act*;

"Band Council Resolution" or "Resolution" means a motion, as recorded in the minutes of the meeting, passed and approved at a duly convened meeting of the Band Council pursuant to the consent of a majority of the councillors of the Band present at that meeting;

"Chief and Council" or "Band Council" or "Council of the Band" means the Chief and Council of the Band elected pursuant to sections 2(1) and 74 of the *Indian Act* or any amendments or successors thereof;

"District" means The Corporation of the District of North Vancouver;

“DNV Engineer” means the District of North Vancouver Director of Parks and Engineering, his or her duly authorized deputy and any person duly authorized by the District to act in his or her place;

“*Indian Act*” means the Indian Act R.S.C. 1985, c. I-5, as amended or re-enacted from time to time or any regulations promulgated thereunder;

“Main” means the principal water supply pipe for the supply of water in the Reserve;

“Occupier or Occupant” includes a tenant, lessee, agent, licensee, permittee and any other person who has the right of access to and control of any Premises to which this By-law applies;

“Owner” means any person or entity who is in lawful possession of land or improvements on the Reserve or has possession as authorized by the Council;

“Permit” means a document issued pursuant to this By-law authorizing a person to carry on a procedure or undertaking, or to use water from the Waterworks on the Reserve, under certain and specified conditions;

“Premises” means any building, grounds and appurtenances within the Reserve;

“Reserve” means Burrard Inlet Indian Reserve No. 3, Inlailawatash Indian Reserves No. 4 and 4A and any additions to the reserve lands of the Band;

“Waterworks” means the system of pipes, pumps and appurtenances on the Reserve that convey water from the District of North Vancouver owned water trunk Main to the connection of the building served by the waterworks system.

Engineer Of The Waterworks

3. The DNV Engineer:

- (a) may inspect and rate all buildings and Premises supplied with water;
- (b) may supervise all engineering and mechanical work in connection with the maintenance and replacement of Waterworks, and exercise full direction and control of the employees or contractors engaged in such work, including the laying of pipes and services and the repair of meters and house services, and the inspection of same;

- (c) has supervisory direction and control of employees or contractors engaged in or connected with the works and properties of the said Waterworks, and from time to time may prescribe the duties of such employees or contractors thereof, in addition to any duties prescribed by any resolution or By-law of the Band, and the DNV Engineer shall have authority to hire, suspend, dismiss or reinstate any such employee or contractor thereof;
- (d) may require that every employee or contractor engaged in work under this By-law shall be qualified.

Application For Turning Off Or On Of Water

- 4. All applications either for the turning off or on of water to any Premises shall be made in writing to the District not less than 48 hours before service is required, and in such form as may be prescribed. No person shall make application to turn off the water from any Premises in use or occupied by any other person until such use or occupation has ceased and the Premises have been vacated. Where several services are provided to any person from connection to the Main, the District shall not be required to shut off any individual service until such service has been directly connected to the Main at the expense of such person and according to the provisions of this By-law.

Application For Installation Of Water Service

- 5. All applications for the installation of a water service connection and approval of new mains shall be made to the Band Council by the Occupier or his/her authorized agent, who shall, at the time he/she makes such application, execute an agreement with the Band, which application and agreement shall be in the form contained in Schedule "A" of this By-law. Copies of the agreement shall be forwarded to the DNV Engineer for review prior to approval.

Discontinuing Use Of Water

- 6. In cases where the existing building or buildings are demolished, destroyed or otherwise removed from property connected to the Waterworks system, the DNV Engineer shall shut off the water service connection.

Form Of Application For Installation Of Water Service

- 7. Each applicant for the installation of a water service shall give a full and true statement, to the Band (with a copy to the DNV Engineer for review prior to acceptance) on the form (Schedule "A") prescribed for the purpose, of the size and description of the Premises, the number and description of fixtures, and all other information which may be

necessary to form a correct estimate of the rates to be charged against him/her, or for water supplied for the said Premises. If the statement so given is not accurate, and any additional rate shall be chargeable by reason of the statement so given being incorrect, such additional rate shall be payable forthwith without any discount being allowed thereon.

Leaky Pipes, Etc.

8. An Occupier may not cause or permit wasting of water, or the improper use or maintenance of the water system on the Premises, including by the following means:
 - (a) leaky pipes, taps or fixtures;
 - (b) an inaccurate water meter; and
 - (c) any other fault in or use of the water system that causes the waste of water.

Failure To Repair

9. Where the conditions set out in section 8 exist, and the necessary repairs or alterations have not been made by the Owner or Occupier within 48 hours after notification, or where the condition of the pipes or fixtures is causing damage to property, then, without further notice, the Band may elect to cut off the supply of water by asking the DNV Engineer to shut off the stopcock, or detach the service pipe from the Main; and before the water is again turned on, such pipes, fixtures or meters shall be repaired or altered to the satisfaction of the DNV Engineer and the Band.

Additional Costs For Service

10. The Occupier of any Premises desiring the same to be served with water, shall make an application therefor in the form presented as Schedule "A" hereto, to the Band with a copy to the DNV Engineer for review prior to acceptance. When the same is approved the applicant shall pay to the Band the connection fee as set forth in Schedule "B" hereto and when the Band is so advised that the money has so been paid, it shall provide an ordinary house water service to within 18 inches of the street line and/or boundary line, when such service can be conveniently supplied from the existing water system. If it shall be found by the Band that there is no municipal water supply convenient to the building for which the owner or authorized agent has made application for the supply of water, he/she shall be so notified by the Band and shall pay all costs for the extension of the water supply system to meet his/her requirements, subject to the consent and approval of Band. Further, where the application shall require such services, conditions and meter installations, the Band shall estimate the cost of such special requirements and determine

the method of collection of these charges, whether for immediate payment or for collection by meter or other terms as required.

Number Of Service Pipes Limited

11. Only one ordinary house service pipe, of such size as shall be approved by the Band and the DNV Engineer, for the supply of any single house or Premises, shall be laid by the Band.

Application For Laying Of Service Pipe

12. Any person making an application for the laying of any service in excess of 50 feet of pipe from the Main to within eighteen (18) inches of the property line shall, at the time of such application, deposit at the Band Office a sum estimated to be the cost of providing such service, such sum to be determined by the Band, and upon receipt of such sum, the Band shall, as soon as convenient, provide such service. If the cost of providing such service be less than the amount so deposited, the Band shall repay to the applicant the difference between such amount and the amount so deposited, and if such cost shall exceed the amount so deposited, the applicant shall pay such excess forthwith, and before the water is turned on.

Fire Services

13. Where a fire-service connection has been installed on any Premises, and where the nature of the installation is such that water could be used from the said service otherwise than for fire protection, such fire connection service may be sealed by the Band, and at all times when so sealed, except in cases of fire, shall be kept securely sealed so as to prevent the using or consuming of any water whatsoever from such connection. For the purpose of sealing such service, the Band or any person authorized by him/her for such purpose, shall have the right to enter in and upon the Premises to seal such service wherever necessary. When the seal has been broken in cases of fire or otherwise, the Owner or Occupant of the Premises shall so report to the Band within twenty-four (24) hours after the breaking of such seal, and the Band shall thereupon have the same re-sealed.

Work To Be Done By Employees

14. No work of any kind connected with the Waterworks service, either for laying of new or the repair of old services, shall be done upon or under any streets in the Reserve by any person other than the employees of the District or the Band or by employees of persons holding a contract with the Band for the performance of Waterworks.

Water Meters

15. The Band may (whenever it shall deem it advisable) compel the use of water meters by any person using or consuming water supplied, and may refuse to supply water to any Premises whatsoever unless the person requiring water shall first sign an agreement to take, use and pay for such water according to the form provided for that purpose set out in Schedule "A" of this By-law; and no water meter shall be used in connection with the Waterworks system by any person unless such water meter shall have first been authorized by the DNV Engineer. Every Occupier shall give every facility for the introduction and protection of water pipes and meters placed upon his/her Premises, and whenever any person shall refuse or neglect to pay water rates or rents, within the time specified in the said agreement, for water registered by such water meter, or to pay the rents or rates imposed by the By-law, it shall and may be lawful for the Band to cut off the supply of water; and, when a meter is blocked or is out of order, and fails to register the full quarterly amount of water supplied, or indicates that no water has been used, it shall and may be lawful to charge and collect the same water rates as if water had been used; such last mentioned rates shall be an average flat rate based upon the previous six months' account paid in respect to water supplied to the Premises against which such meter has been placed.

Access To Water Meter

16. Occupiers of Premises supplied with water shall provide and maintain an adequate and convenient passageway to the water meter installed therein or therefor, and shall keep such passageway reasonably accessible at all times for the reading, repairing or removal of such meter. All privately owned meters shall be under the supervision, inspection and control of the Band and the DNV Engineer.

Twelve Month Minimum

17. A person to whom water is supplied under this By-law and who is liable to any special charge over and above the annual rate for residential Premises may elect to have his/her water service metered. Where a meter is installed pursuant to this section, it shall remain installed for a period of no less than twelve (12) months.

Interference With Hydrants, Service Boxes, Etc.

18. No person shall in any way tamper, remove, bury or interfere with any hydrant, pipe, service valve and box or other Waterworks appurtenance outside of his/her own Premises, nor shall he/she in any way interfere or tamper with any meter or pipe leading to such meter. Such malfeasance as referred to above shall be reported to the Band.

Using Fire Hydrants

19. No unauthorized person shall open or use any fire hydrant for any purpose unless previously authorized by the DNV Engineer and the Band. Use of hydrants by authorized persons will be reported to the Band and DNV Engineer within 24 hours of use.

Connection With Public Or Private Mains

20. No person shall make any connection whatsoever to any public or private main in the Reserve without the consent in writing of the Band first obtained.

 - (i) Sprinkle or allow Sprinkling at any time;
 - (ii) wash down or hose sidewalks or driveways or other outdoor surfaces at any time;

- (iii) at any time water or spray any trees, shrubs, glowers or vegetables (except for large gardens forming part of apartment, townhouses or other multi-dwelling Premises and commercial buildings where hand watering is impractical) or wash motor vehicles with a hose unless such spraying, watering or washing is done by way of hand held container or hose equipped with a shut off device that is spring loaded and operates by single hand pressure;
- (f) The provisions of subsections 21(c) to 21(e) inclusive do not apply to a person who has a valid and subsisting Permit issued under subsection 21(h) or to the class of water users exempted in subsection 21(l), and the provisions of paragraphs 21(d)(ii) and 21(e)(ii) do not apply to restaurants or other commercial eating establishments which may be required by law to clean outdoor areas to comply with health standards.
- (g) Sufficient notice of the restrictions set out in subsections 21 of this By-law or in any change or revocation thereof shall be deemed to have been given by an announcement made on behalf of The Corporation through a radio or television station broadcasting in the area of The Corporation or by one publication in a Newspaper not less than 72 hours prior to the commencement, change or revocation of the restrictions.
- (h) A person who has installed a new lawn, either by placing sod or turf or by seeding, or who has installed new landscaping on a substantial part of the outdoor portion of Premises may apply to The Corporation for a Permit which will entitle the permittee to Sprinkle at any time during the currency of the permit.
- (i) The Corporation may issue a Permit to an applicant pursuant to subsection 21(h) upon payment to The Corporation of a fee in an amount of \$30.00.
- (j) A permit issued under subsection 21(h) shall be valid for a period of 21 days after the date of its issue and shall be conspicuously displayed at the Premises for which it was issued.
- (k) After the expiration of a permit issued under subsection 21(h) a person may apply for and obtain one subsequent permit under subsection 21(h) for a further 21 day period.
- (l) The provisions of subsections 21(c) to 21(e) inclusive shall not apply to the following classes of water users which rely upon the steady supply and use of water provided their consumption of water complies with consumption quotas established by the DNV Engineer:

- (i) nurseries;
- (ii) golf courses and pitch and putt courses;
- (iii) playing fields;
- (iv) property owned by, leased to or under the jurisdiction of the Band;
- (v) apartments, townhouses, other multi-dwelling Premises, or commercial buildings with large gardens where hand watering is impractical may water or spray with water any trees, shrubs, flowers or vegetables;
- (vi) a person who has received written permission from the DNV Engineer to use water for a purpose described in subsection 21(h).

Using Water For Sprinkling Streets

22. No person (not in the employ of the Band) shall use water for the purpose of sprinkling any street or lane or public thoroughfare; provided that nothing in this section shall prevent any person from sprinkling or watering that portion of any boulevard immediately adjoining her or his Premises.

Keeping Service Pipes Etc. In Good Order

23. All persons shall keep their service pipes, stopcocks and other fixtures on their own Premises inside the line of the street, in good order and repair, and protect them from frost at their own risk and expense; and when a house is vacated, the stopcock on the inside wall of the building shall be turned off by the party leaving the house, or by the Occupier.

Increasing Supply Of Water

24. No person being an Occupier of any Premises supplied with water shall increase the supply of water beyond that fixed by the rating of the Premises, or shall wrongfully, negligently, or improperly waste any water.

Selling Water

25. No person shall sell or dispose of any water or permit the same to be carried or taken away, or used, or apply it for the benefit or use of others, or to any other than her or his own use or benefit.

Inspection Of Premises By Engineer

26. Every person to whom water is supplied under this By-law shall, at all reasonable times, allow, suffer, and permit the Band or the DNV Engineer, or any person authorized by the by him for such purpose (either generally or in any particular instance) to enter into and upon the Premises in respect of which such water is supplied, for the purpose of inspecting the same, and the water and the water pipes, connections, fixtures, taps, meters and any other apparatus used in connection with such water supply.

Rates Or Charges

27. The several rates or charges enumerated in Schedule "B" annexed hereto are hereby imposed and levied for water supplied, or ready to be supplied by the Band; and all such rates or charges shall be payable at the Band office and shall be charged against the lands supplied or ready to be supplied and may be recovered in the manner provided in the *Indian Act* or any other applicable statute, regulation or By-law.

Additional Water Rates, Meters, Etc. To Be Imposed By The Band

28. The Band shall have the right at any time to install a water meter in any Premises, and substitute, in lieu of a flat rate (whether already paid for or not) a meter rate according to Schedule "B" hereof. When this is done, credit shall be allowed to the consumer on the meter rate account for the balance of the flat rate, proportionate to the unexpired portion of time covered by the flat rate payment, and the balance of the meter rate will be payable from the time such meter is installed whether during any period already paid for by the flat rate or not.

General Rates Or Charges

29. The general rates or charges payable annually under Schedule "B" hereunto annexed shall be due and payable each year on the date indicated on the property taxation statement.

Rebate Or Refund

30. No rebate, refund or credit whatsoever of any moneys paid or payable for water shall be made save as provided in this By-law.

Installing Apparatus Not In Accordance With By-laws

31. No person shall install, place or maintain in any Premises any water connection, pipe, fixture or any other apparatus that is not in accordance with the requirements of this By-law.

Liability of Band Limited

32. Nothing contained in this By-law shall be construed to impose any liability upon the Band to give any continuous supply of water to any person; and the Band hereby reserves the right to shut off water from any Premises without giving any notice to any person from whose Premises the water may be shut off.

Application Of This By-law

33. The provisions of this By-law shall be applicable to and be binding upon all persons receiving water from the Band or who reside within the Reserve who shall have made written application therefor or not.

Schedules Are Part Of By-law

34. Schedules attached hereto are included and form part of this By-law.

Gender And Plurality

35. In this By-law, any words in the singular include the plural and words in the plural include the singular, and the masculine includes the feminine and neuter where the context requires. References to "his", "him", "hers", or "her" may include a body corporate.

Headings

36. Headnotes, marginal notes and headings form no part of the enactment, but shall be construed as being inserted for convenience of reference only.

Severability

37. If any provision of this By-law is found invalid, such provision is severable.

By-law Administration

38. Only persons authorized by Band Council Resolution may act as agent of the Band for the purpose of administrating this By-law.

Offence and Penalties

39. (a) Every person who offends against or violates any of the provisions of this By-law or who suffers or permits anything to be done in contravention or violation of any of the provisions of this By-law, or who neglects to do, or refrains from doing anything required to be done by any of the provisions of this By-law, is guilty of an infraction of this By-law and is liable upon summary conviction to a fine of not more than \$1,000.00 or imprisonment for a term not exceeding thirty days, or both; and
- (b) For each day that a violation of the provisions of this By-law is permitted to exist, it shall constitute a separate offence.
