RE: Fire Hydrant Cleaning.

Attention TWN Community,

Fire Hydrants are being cleaned in the TWN Community. This work will be complete this week. Please note, that all contractors will be abiding the TWN COVID-By-Law, for the safety of the TWN Residents.

Here are the Safety Precautions:

- Maintaining 6-foot physical distancing from all TWN residents as much as possible
- Will be wearing masks

Any questions?

Message from Housing

RE: Fire Safety in the community

Attention TWN Community,

We will be conducting fire safety around everyone's homes. We will be removing up to 10 meters of brush and trees (trimming or removed) where applicable around each TWN home.

This fire safety project work will start soon; we will share the confirmed date, once finalized. The cleanup project may go into next year. Please reach out to housing if you have any questions.

- a. This will create a fire stop to prevent fires from spreading house to house;
- b. Decrease rodents activity;
- c. And with tree trimming and or removal will make the home safer if there is a wind event.

If you have any questions, contact Shannon Thomas

Message from Housing

RE: Thank you—House inspections

Attention TWN Community,

Housing would like to thank everyone who has completed the inspections of their homes, and we would like to remind homeowners who have not had their house inspection please reach out to housing.

Please note that we will have been sourcing out companies for some projects for homes. We are coming across issues on timing due to the pandemic. Housing will reach out once we have our suppliers.

Please note, that Tsleil-Waututh will be working on critical home issues first.

- a. Materials that need to come from the states
- b. Companies being booked due to short staff and or training new staff

If you have any questions, please contact Shannon Thomas
